RELATED WORK EXPERIENCE

Michigan Alternative Medicine
Secretary of medical clinic- maintained patient records and files, organized legal correspondence, scheduled patient appointments and visits.

CYCLING TOURS

North American tour 2010
A self supported bicycle tour of the United States, from California to Michigan. June to August, 9 states, over 2,000 miles.

Latin America tour 2011-2014
My second tour of Latin America. Arizona, Mexico, Central America, and South America. A total of 13 countries cycled, over 9,000 miles.

ACHIEVEMENTS

Mountain Summit of Nevado Pisco

I glacier traversed and summited a mountain, Nevado Pisco, in 2013. Located in the Cordillera Blanca range of the Peruvian Andes, the elevation total is 18,871 feet (5,752 m). Rated PD on the French Alpine scale. My previous summit attempt was the Cayambe mountain, a volcano located in the Ecuadorian Andes. No summit, only reached 5,600 meters of the 5,790 meter elevation. Our group was awarded 3rd place for attempt. I believe the sport of mountaineering challenges me to be a better problem solver and demands coping skills to endure adverse situations.

VOLUNTEERING

Maya Pedal

June-August 2012, I volunteered at Maya Pedal, a Guatemalan NGO based in San Andreas Itzapa. Maya Pedal accept bikes donated from the USA and Canada, then recondition to sell, or use the components to build a range of "Bicimaquinas" (pedal powered machines).
mayapedal.org

My roles were: Administration to the Maya Pedal website. I handled e-mail inquiries and scheduled incoming volunteers. In the workshop, I repaired and built bicycles from scrap parts. Maintained clean and safe warehouse. Managed workshop by assigning volunteers to specific areas and duties. Organized a Maya Pedal demonstration at a music and workshop festival, Cosmic Convergence at Lake Atitlan, Guatemala. I facilitated the orders of custom machines, organized the manufacture of several machines to be built, and recruited volunteers to run the demonstration of MP pedal-powered liquid blender.
